Tools & Platforms: Sanity CMS, Mintlify, Confluence, GitHub Pages, Jira, Figma, HubSpot, Trainn, Canva, Vimeo, Google Workspace, Microsoft 365, Zoho Suite, TrainerCentral, Slack, Snipping, AI (Claude, ChatGPT, Gemini, Grammarly)

Technical Familiarity: Markdown, JavaScript, JSON, HTML, CSS, Python, Java, Go, Swift, Kotlin (documentation & code-sample level)

Methods & Practices: Agile / Docs-as-Code Workflows, Information Architecture & Content Strategy, SEO for Knowledge Bases, AI-Assisted Documentation, Instructional Design & Learning Analytics, Cross-Functional Collaboration

PROFESSIONAL EXPERIENCE

Technical Writer — Genuin

Nov 2025 – Present

Ahmedabad, Gujarat, India · On-site

- Own the end-to-end lifecycle of Genuin's Resource Center, authoring and publishing 174 product, technical, API and SDK documentation articles for customers, partners and developers.
- Author User Guides, Core Concepts, Product Modules, Developer Resources, Authentication, API references, Testing & Data and SDK documentation across iOS, Android, Flutter, React and Web, including code samples in JavaScript, HTML, CSS, Python, Java, Go, Swift and Kotlin.
- Partner with Product, Engineering, QA, UI/UX, Marketing and Program Management to translate PRDs, Jira epics, Figma designs and technical specs into clear, release-ready documentation.
- Own release documentation end-to-end, including feature guides, implementation validation with engineering and launch-ready content for Marketing.
- Led migration from Mintlify to a custom Sanity CMS Resource Center, improving information architecture, navigation, content discoverability and reusable documentation components.
- Contribute to OCTO-GPT, Genuin's AI-powered documentation assistant, by designing prompts, validating AI-generated content and delivering structured quality feedback.
- Define content standards and scalable documentation workflows for Agile releases; manage documentation projects in Jira and version-controlled developer docs in GitHub.

Technical Writer — Khoros

Feb 2025 – Jul 2025

Remote, India

- Authored and maintained 80+ user guides, knowledge base articles, how-to guides and video scripts for the Care & Community product suite, contributing to a measurable reduction in support ticket volume as reported by support leadership.
- Participated in Product Documentation Reviews (PDRs) with Product, Engineering and SMEs to align content with compliance standards and engineering requirements.
- Managed the full documentation lifecycle in an Agile/Confluence environment, including sprint planning, release cycles, version control and audit-ready publishing.
- Led process optimization initiatives, identifying content gaps and standardizing templates, resulting in faster publishing cycles and reduced rework.
- Produced multimedia content, including video tutorials and product walkthroughs, to improve end-user engagement and knowledge retention.

Content Specialist – PSA/Timesheets — Keka HR

Jul 2024 – Feb 2025

Bengaluru, Karnataka, India · Hybrid

- Owned end-to-end content lifecycle for the PSA/Timesheets module, creating 60+ admin and employee guides, FAQs, release notes and how-to articles aligned with Agile sprint releases.
- Produced 10+ video walkthroughs and 1 full training course using Trainn, Canva, Figma and Vimeo, improving onboarding and feature adoption.
- Contributed to a HubSpot workflow enhancement that improved content team publishing efficiency.
- Implemented SEO optimization for knowledge base content and maintained version control across UAT, Demo and Production environments.
- Partnered with Product, Customer Success, Marketing and Support to align documentation with real-world customer needs.

Technical Trainer — Zoho

Jul 2023 – Jun 2024

Kolkata, West Bengal, India · On-site

- Delivered 20+ product training sessions and certification programs for Sales, Support and Consulting teams, certifying 50+ employees.
- Designed structured learning paths for partners and internal stakeholders via assessments and hands-on demos.
- Built training dashboards to track learning metrics, including feedback, completion rates and engagement trends.
- Led communication on a cross-functional API integration project, drafting documentation and serving as liaison between customers, vendors and internal teams.

Technical Writer – RetailEasy — Zoho

Sep 2022 – Jun 2023

Kolkata, West Bengal, India · On-site

- Authored 30+ user manuals, step-by-step guides and task-based training modules for RetailEasy, a SaaS-based retail management product, across retail staff, admin and support personas.
- Conducted skill-gap analyses and user feedback assessments to iteratively improve content effectiveness.
- Managed partner onboarding, certifications and webinars end-to-end, from content creation through post-session surveys.
- Served as key liaison for API integration documentation, ensuring third-party vendor compliance.

Business Partner – Learning & Development — GOFRUGAL Technologies

Mar 2020 – Aug 2022

Chennai, Tamil Nadu, India · On-site

- Created 100+ training materials, 20+ courses, and 10+ videos supporting a retail-tech ERP and its third-party integrations.
- Owned Device Testing & Certification initiatives, testing and certifying 30+ vendor devices to meet QA standards.
- Facilitated partner and customer enablement programs, contributing to reduced onboarding time and implementation errors.
- Built performance-tracking dashboards and MIS reports to monitor learning effectiveness and drive data-based improvements.

Sales Operations Executive — RenewBuy

Sep 2018 – Feb 2020

Gurugram, Haryana, India · On-site

- Managed sales operations for a 40-member team, driving a 23% increase in operational margins and a threefold rise in throughput.
- Scaled the operations team from 7 to 16 members while mentoring new hires and improving productivity.
- Developed SOPs and process documentation, aligning cross-functional teams with SLAs and turnaround times.
- Recognized with “Best Employee – Operations (India)” and two monthly performance awards.

EDUCATION

MBA, Marketing — Central University of Rajasthan, Jaipur

Jul 2016 – May 2018

CGPA: 7.16/10

B.E., Mechatronics, Robotics & Automation Engineering — Acharya Institutes
